

# HGA Engineering, Project Management & Staffing Solutions for Wood Products

## WOOD PRODUCTS & MATERIAL HANDLING

### What we know best.

Wood Products is the starting industry of HGA. By understanding the needs and challenges this industry faces, we utilize our experienced personnel to develop solutions catered to your needs. We offer quality through our experienced project management, engineering services, and business solutions.

HGA utilizes the latest technology and advanced tools to provide our clients with the most efficient solution. We give you the opportunity to see your project before it's built: see the end from the beginning. The following tools, combined with our extensive design and procedures, greatly enhance accuracy: **3-D Development, Computer-Aided Drafting, and Animation Design / Analysis Programs.**
